BABY NAMING SERVICE

Yuan Zhong Siu's naming service combines numerology principles with the individual's birth information (Eight Characters) and Five Elements to calculate the best name for a newborn. The combination of these factors helps ensure that the name is blessed by Heaven, Earth and Human factors.

Having a good name is important as it can influence your baby's luck, destiny and enhance his or her life. In our comprehensive naming report, there will be five to eight names to choose from. To facilitate the naming process, we require information such as the parents' names, the baby's siblings' names and you should also provide the Chinese characters that you do and do not want to be used for your baby.

A good name is better than riches and all names are personally named by Grand Master Hillary Phang.

The Baby Naming report will be ready in 5 working days (upon submission of complete information inclusive of the birth information of the baby). Enjoy an exclusive service pricing at **S\$150nett** (U.P. \$168) when you quote "Singapore Brides x Baby Naming".

(Promotion price is only valid for booking via admin@ntlglobal.com and internet transfer)
